

AWS Skill Builder Free Subscription

AWS Academy

AWS Academy: Skill Builder Program Overview

AWS Academy helps close the cloud skills gap

AWS Academy provides accredited, education institutions with a free, ready-to-teach cloud computing curriculum that prepares students to pursue industry-recognized certifications and careers in the cloud. The addition of a free AWS Skill Builder subscription enhances the AWS Academy program by providing the following:

**Free 1-year
subscription for
students and
educators**

**Access to the full
AWS Skill Builder
catalog**

**Students and
educators can earn
free certification
vouchers**

AWS Academy: Educator Overview

AWS Academy Educator Overview

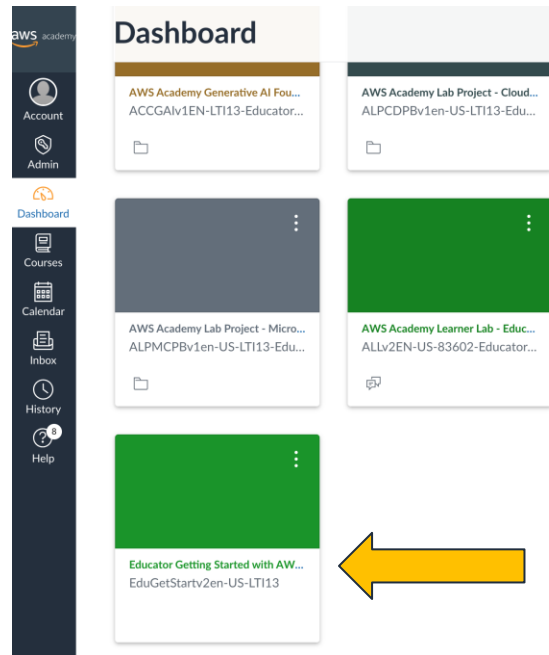

- An AWS Academy educator is eligible for a free 1-year AWS Skill Builder subscription, based on the activation start date.
- Each educator is eligible for four AWS certification vouchers based on the course passed.
- Important notes for educators:
 - To take advantage of this offer, you must be logged in as yourself and not a student.
 - Your email must have been verified in Canvas.

AWS Skill Builder Process for Educators

The following is the process for an educator to follow to activate their free 1-year subscription to AWS Skill Builder:

Step 1:

Login to Canvas and select the “Educator Getting Started with AWS Academy” course.

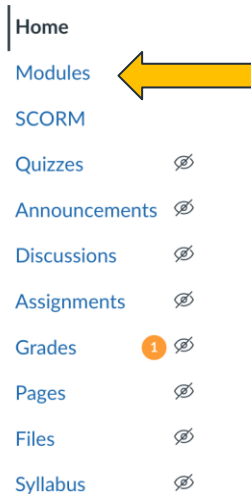

AWS Skill Builder Process for Educators

Step 2:

Select the Modules menu item.

Note: If you have already completed the getting started course, there is no need to redo the course.

Educator Getting Started with AWS Academy

Welcome to AWS Academy! This course is designed to prepare you to start teaching a program, AWS Academy curriculum components, the platforms you will interact with in this course also helps you to understand the requirements and process for working with AWS.

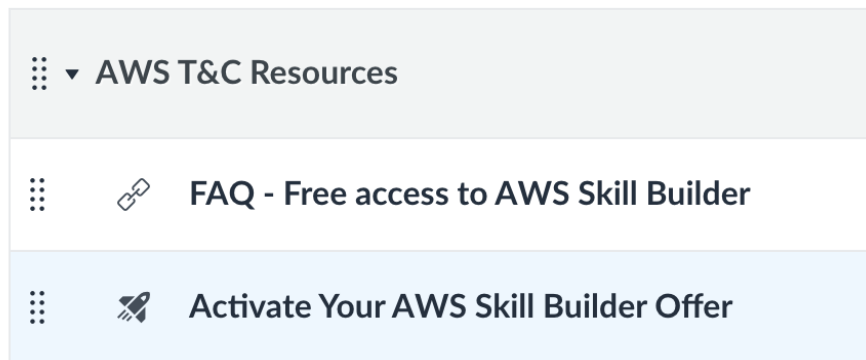

To get started, choose **Modules** and go through each module.

To gain access to the AWS Academy curriculum, you must score 80 percent or higher on the assessment.
